TITAN's **Coil Roofing Nails** are of high quality, available in electro-galv., hot dipped galvanized, and stainless steel, to provide solutions for your every Roofing Shingle application:

Fits: Bostitch; RN46 / RN45 / N12-B
Senco: RP455XP / RP450 / SCN40R / SC200R
Hitachi: NV45AB
Hilti: RFC-134B

Fasteners for ACQ - Pressure Treated Lumber

- Use stainless steel for maximum corrosion resistance.
- Use hot dipped galvanized for corrosion resistance.
- Use electro-galvanized for minimal corrosion resistance.

Also Fits:

Makita AN-451, Dewalt D51321, Porter Cable RN175A/RN45, Max CN450R, Spotnails VRN45, Atrco CN-134, Fasco F4-CNW15-45, Campbell Hausfeld NC1545

All products manufactured for TITAN Fastening Systems are of a non-chemically hazardous nature.
